

# The **4**ology Focus

Fall 2014

Brought to you all by the team of four at Fourology.

## NEW TREATMENT PACKAGE AVAILABLE

RECENTLY ADDED TO OUR TREATMENT PLANS TO HELP WITH EXTREME STRESS.

Could not find a treatment plan that could handle your outrageous amount of stress? Well, Fourology has now found a solution that can help you greatly. The Fourology team has been working hard to find new solutions to patients who have extreme levels of stress.

This new package is the best package yet to help relieve stress at extreme levels. The package includes 4 acupuncture points placed in a 2 cm radius connected to electric stimulators. The acupuncture points stay in place for 15 minutes along with the treatment of electro pads. There are 4 units with 4 electro pads on each unit. With the gold treatment package it includes 4 herbal pills, 4 cups of herbal tea, and 4 herbal oil treatments. Along with those treatments, the gold package now also includes 4 cups in the cupping portion of the treatment. This new treatment plan is sure to help improve the wellness and stress levels of our patients. We are excited for you to try it for yourself!

### 10% OFF

your next Gold package purchase.

Valid thru 12/30/14  
MAKES A GREAT GIFT!

## Fourology in the Community

Recently the team of Fourology has reached out to their local community in Tennessee. Our “Fourology Giving Back Committee” has recently during this holiday season taken time and volunteered at our local Salvation Army. The team at Fourology is devoted to working to better our overall community and help create a stress free place, and also work to help those in need during the holiday season. The team worked at the Salvation Army on Thanksgiving to serve food to those who needed some holiday cheer in their lives. While at the Salvation Army the team visited with local community members and talked about what they were thankful for. Also to get in the holiday cheer even though it may have only been Thanksgiving, the team of Fourology decided it was not too early to start with all the holiday carols. The community members at the Salvation Army along with the Fourology team sang together some of there favorite holiday classics. Fourology is dedicated to the local community and strive to make a difference everywhere they go. Next month in December the team of Fourolgy with be wrapping presents at the mall for free to all shoppers who bring there presents to the wrapping station while the Fourolgy team is volunteering. We are very excited about the holiday season and helping others during this time.

### Letter from your team president...

Dear loyal patients,

Lately we have been seeing tremendous results from our treatment. We are thankful for all of our patients who understand what a good treatment consists of and choose our team of four to receive relief from their stress. We are continuing to do large amounts of research in our local lab to do our part and continue approving our treatment so we can bring the best to our patients like you. We working every day to satisfy our customers and are proud to announce the newest research breakthrough. Together as a team we are sure to bring that news to you; our loyal customer, in the next issue. Until then, continue to stay stress free.

Your Lead Team Member,

Kayleigh

**“I have received the best care while receiving my treatment: pure love.”**

## Customer Spotlight: Cameron Stange

Cameron came to the Fourology team late this fall suffering from an immense amount of stress from her new job with the overwhelming projects she was assigned. She came to us thinking she was a helpless cause; however we were able to come to the rescue. Cameron received four treatments of the Gold package within three weeks and was able to overcome her stress and get all of her projects done within a timely matter. She now comes to Fourology weekly to receive a treatment of our silver package.

Christmas is right around the corner!

## Q & A

As a team we understand there are questions many of our customers still have when they are going through our treatment plans and also potential customers with questions in general about our treatment, story, and specifics. We are here to listen to you all and give you our best knowledge to your questions.

1.

Q: What package should I be treated with if I am suffering from the stress of schoolwork?

A: We would recommend our Silver package for the best results. This treatment plan works in all the areas to help the mind calm itself.

2.

Q: How often is it expected for a single treatment to last?

A: Our treatment last as long as 3 months; however, it all depends on the amount of stress and the type of treatment package you are receiving.

3.

Q: What is different about your acupuncture compared to an average acupuncturist?

A: The difference starts with the treatment process we use. We only use 4 acupuncture points compared to many and also work with radius measurements.

Have questions?  
We will answer them with our best knowledge, just email them to us at

## Employee Spotlight

### Caleb O.

Among our team of four at Fourology, we have an employee every month we feel exemplifies extraordinary commitments to our practice and treatment. This month we found these attributes in our very own Caleb O. This past month, Caleb worked around the community surveying local citizens to find more information on the stress levels of people in our community. Caleb reached out to help find solutions to a large group of citizens. The group of citizens Caleb reached out to got a discounted price on their next treatment package because they helped Caleb in his research of different stress levels. The team at Fourology is proud to have Caleb on our team and value all of his dedication to finding new solutions and improving our treatment plans. Caleb is very active in the community and our treatment trying to find new ways to improve our electro pad step in our treatment. Together we work to find solutions that will work towards the wellness of our devoted patients. Caleb works daily with his patients showing sincere efforts to help reduce their stress levels. Caleb is our employee spotlight this month due to his compassion towards his patients and treating them as if they are part of his own family, because when you are here you are family and we want you to feel that way each and every time you walk through our doors at our treatment center!

## Up-coming Events.

Fourology is dedicated to community service and finding ways to help in the community. This next month on December 14<sup>th</sup>, our team will be volunteering at The Color Run. This in the third year we have volunteered at this event held here in Tennessee. We encourage you all to come out and run or walk the fun race. Fourology enjoys supporting The Color Run because it is “the happiest 5K on the planet” and we love to see our patients happy. We love our community and you so help yourself relieve some stress in between your next treatments and do some running along with our team. We love to see your smiling faces and would love to see who can get the most colorful from The Color Run.

### ***COLOR RUN FOUROLOGY CONTEST:***

At your appointment after the color fun bring in a photo post color run and we will hang them up and post the photos on our Facebook page to see who got the most colorful during The Color Run. We would love to see all of you participating in this contest; there will be good prizes for the first and second place winners!
